Eat

There are approximately 16,000 restaurants in Paris. Here is the secret  restaurants do no want you to know.

- 25% are ***terrible*** so let's forget the bottom 4,000 restaurants
- Next 25% are ***mediocre*** so let's forget the mediocre 4,000 restaurants
- Next 25% are uh, ***OK but not worth it*** so let's forget the next 4,000 restaurants. These restaurants are mediocre quality or price far exceeds the value
- Look at the **best remaining 4,000 restaurants in Paris.** Wow. Imagine choosing among 16,000 restaurants like so many visitors.

  Our approach is to eliminate 12,000 of the poor and mediocre restaurants. Who needs the losers? Let's select among the best of the best with a wide selection with some specialties for anyone.
